

All of us can think of those life-changing experiences that have shaped our views of the world and have made us a better person. For me, those experiences are centered around my experience with the heart of Richmond at Virginia Commonwealth University. This University will always have a special place in my heart. I owe my view of education, my passion for helping ALL young people reach their fullest potential, and my commitment to doing whatever it takes to improve the lives of young people to VCU.
